CHIPURUPALLI POOJITHA RAMYA

Nathavaram, Andhra Pradesh 7013103439 chpujitaramya@gmail.com LinkedIn GitHub LeetCode

PROFESSIONAL SUMMARY

B.Tech Information Technology (Machine Learning Specialization) student at GMR Institute of Technology with strong foundations in Python, Java, SQL, Machine Learning, and Deep Learning. Eager to contribute technical and analytical skills in a software engineering role.

EDUCATION

B.Tech in Information Technology (ML Specialization) 2023–Present
GMR Institute of Technology, Rajam, Andhra Pradesh | CGPA: 9.50 / 10.0

Intermediate (MPC) 2021–2023
Sri Chaitanya Junior College, Visakhapatnam | 92.2%

SSC 2021
Sun Shine English Medium School, Nathavaram | 99.3%

TECHNICAL SKILLS

Languages:	Python, Java, SQL(Basic)
Machine Learning & DL:	Supervised Learning, Unsupervised Learning, CNN, RNN, n8n workflow automations
Tools & Databases:	MySQL, GitHub, VS Code
Core CS:	Data Structures & Algorithms(Basic), OOP, DBMS

WORK EXPERIENCE

React JS Developer Intern | BRVS Tech LLC (Remote) July 2025 | 1 Month

- Developed a React.js-based Campus Management System for student, course, and faculty management.
- Implemented component-based architecture with local storage for efficient data persistence.
- Earned the React JS Web Application Development Internship Certification.

PROJECTS

JobFlow Engine — AI-Powered Career Intelligence Platform | *Live: ai-job-matcher-eight.vercel.app*

- Developed an AI-powered career platform using Google Gemini AI and n8n for resume analysis, ATS scoring, and skill gap detection.
- Built an AI-driven job matching engine to rank job listings based on candidate skills and compatibility.
- Deployed the application on Vercel and Railway with Supabase for scalable hosting and real-time data management.

Distracted Driver Detection System | *Live: driver-distraction-frontend.vercel.app*

- Developed a real-time distracted driver detection system using VGG16, CNN, and Transfer Learning. Achieved 98% classification accuracy through feature extraction and model optimization.
- Applied TensorFlow image augmentation and hyperparameter tuning to improve model generalization.

CERTIFICATIONS

- Deep Learning Essentials — L&T EduTech
- SQL Basic — HackerRank
- Java Skill UP — GeeksforGeeks

ACHIEVEMENTS

- 150+ LeetCode basic problems solved across Data Structures & Algorithms
- 30+ day public DSA learning streak on LinkedIn
